Are your accounts receivable worth the same today as they were yesterday?

Asset Protection

How does ENSHIELD[®] work?

Retirement Augmentation

Estate Planning

Business Transfer/ Transition

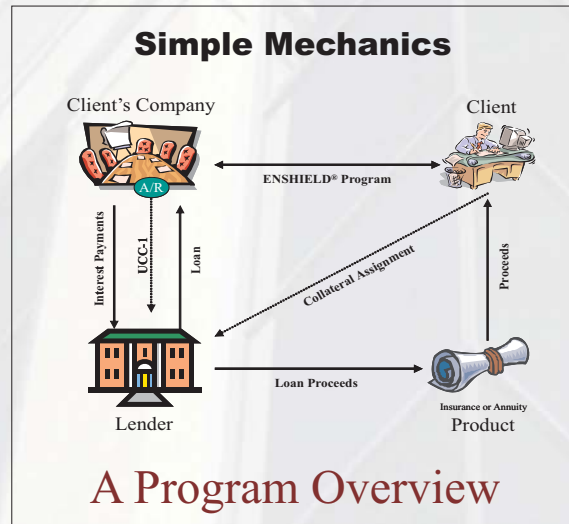

Buy/Sell

Employee Productivity and Loyalty

Employee Retention

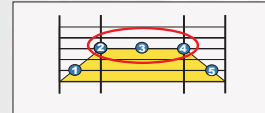

Educational Funding

Life Insurance

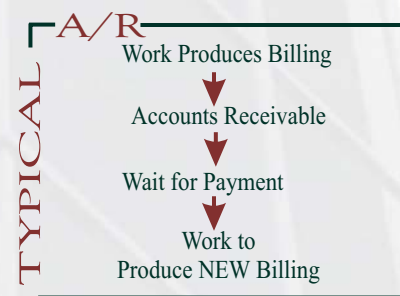

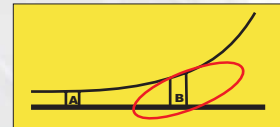

A Program Overview

Under ordinary circumstances, accounts receivable remain relatively constant, with collections occurring as new billing is generated.

With ENSHIELD[®], accounts receivable can be placed onto a compound interest curve potentially achieving numerous objectives.
